

VARIETY CARD FOR JULY 24

Lagoon Race Track Will Be
Scene of High Class
Card

K. O. Romonoff, who is matched to clash with Jack Harbertson, Ogdan mat marvel, in a best two in three fall match, as one of the features of the sport card, has arrived in Ogdan from the east and is in tip-top shape.

Harbertson, who is in training at Yellowstone national park, is expected in Ogdan Friday for the match. The winner of the Lagoon match will be pitted against Ad Sautel in a match to be staged during the early part of the fall. Warren Blinford, referee of the Sautel-Harbertson match staged here last winter, will be the third man in the ring.

Frank Clarke, aviator, will depart from Los Angeles early tomorrow morning for Ogdan on an attempted non-stop flight. Clarke will thrill Ogdanites at the Lagoon track Saturday afternoon in various aviation stunts. One of the big stunts to be pulled by Clarke will be wing walking. Wing walking is one of the newest sports in the aviation world and will be demonstrated to the Lagoon crowd by the aviator. The ship, a Standard, equipped with a 240-horsepower motor, will be piloted by C. G. Frost.

These two events, together with five championship motor races with the world's greatest professional riders in harness, will be the headlines of the card. Ray Peck, one of the greatest dirt track riders in America, has signed up for the races and promises to make the competition keen. Peck will mount his old standby, the Excelsior.

Al Ward, the Indian star, will be seen in action against Peck. Ward is one of the great riders. These two men should give the fans a good idea of what the word clever means on a motorcycle. Fred Whittier, A. Schmetz, L. Fickenshtein and others will be entered in the professional races which will include a three-mile and ten-mile open event. The amateur races will consist of a three-mile side car event and a three-mile amateur solo race.

This card, together with a battle royal and other events, promises to keep the fans on their toes. The starting hour is 2:30 o'clock.

AMERICAN SHOOTERS WINNERS IN ANTWERP

ANTWERP, July 22.—(By The Associated Press.)—The American team was an easy winner in the first round of the Olympic trapshooting competition shoot this morning, scoring 115 out of a possible 120 birds in the team shoot, each man shooting at twenty targets.

The Swedish team was second with 107 birds. England and Canada were tied with 105 each. Belgium's score was 102, Holland's 97, Norway's 90 and France's 87. The shooting will continue in the second round this afternoon, each man shooting at 20 targets, after which the elimination process will be begun. Only eight teams finally decided to compete, Denmark and Finland withdrawing.

The six men in the team shoot are Jay Clark, captain, of Worcester, Mass.; Horace Bonser, of Cincinnati; Frank M. Troch, of Vancouver, Wash.; Mark Aerle, of Thomahoro, Ill.; Frank S. Wright, of Buffalo, N. Y.; and Forest W. McNier, of Houston, Tex. The two others, Fred Plum, of Atlantic, N. J., and B. S. Donnelly, of Chicago, are remaining in reserve for the individual match.

Troch had a perfect 20 in this morning's shooting. Each of the others missed one target.

**W. J. BRYAN IS SILENT
ON 'DRY'S' CONVENTION**

CROOKSTON, Minn., July 21.—William Jennings Bryan arrived here today, en route to a Minnesota summer resort for a short vacation. He declined to make a statement relative to the prohibition party convention at Lincoln. Mr. Bryan has been mentioned as a possible choice of the convention for president.

SHE'S BUSY BURG

TOLEDO, Ohio, July 21.—Baseball leagues here are busy. In one month 260 tennis permits were issued not to speak of 573 season permits for golf.

BILL
BRENNAN

With a Dempsey-Carpenter match made impossible for the present, Bill Brennan will be the first man to draw on the gloves with the champion since he won the title a year ago. The match is to be held within two months and the highest bidder will stage the entertainment.

WHAT THEY SAY

TEX RICHARD

There is need in the sport world who usually gets what he wants. He is Tex Richard. Tex says:

"My purpose in taking a ten-year lease on Madison Square Garden is to promote sports of all kinds—boxing, wrestling, indoor athletic meets, bicycle racing, and even lawn tennis. The big amphitheatre has been idle close to 200 days a year. It is my purpose to have something going on there every week in the year. The circus, which has a five-year lease on certain days, will continue. I have resigned as chairman of the International Sporting Club. It is my plan to go after the biggest in everything."

COLONEL RUPPERT

This colonel has one regret. He feels badly over it. He is Colonel Rupert. He says:

"I don't care how many home runs Ruth knocks. The more the merrier. We don't need any more attractions at the Polo Grounds than the Bambino. But I do hope Babe will save some of his crutcher drives for the Cleveland club. So far this year, he has only nicked one Indian pitcher. His victim was Elmer Myers. I'd certainly enjoy seeing him get a homer off of Cosslett or Bagby. Another thing, I don't like to have the Indians come to New York on Sundays. We'd simply have to turn the customers away and lock the gate. It is bad enough on week days. I believe he has got 30 home runs in his system for this season."

**'MOVIE' WORKERS STRIKE
AND TIE UP N. Y. PLANTS**

NEW YORK, July 21.—More than 2,000 moving picture workers in New York and vicinity went on strike today, tying up or crippling a score of film plants.

The reason given for the walkout is the failure of the National Association of the Motion Picture Industry to meet the demands of the workers for increases in wages, shorter hours and recognition of the union.

Union leaders threaten to spread the strike throughout the country and include cameramen, machine operators, stage hands and others employed in the "movie" industry.

All film laboratories in the metropolitan district are affected by the strike, union leaders declared tonight, adding that the walkout would mean the curtailment of film production by at least 20,000,000 feet per week.

the spring demands of the ball players,
it isn't so hard to imagine such an
episode as is described in the foregoing
doggerel.

We are having too many players
whose love for the pastime has been
checked by their passion for the pay
check. That's one of the many reasons
why the retirement of Christy
Mathewson causes so much regret
among the fans.

For, in addition to setting records in
baseball that will never be surpassed,
and making a name for himself that
will never be forgotten, Matty played
the game for the sake and sake and
played it with all his might.

You didn't hear of Matty threaten-
ing to strike for more money. You
didn't hear his name linked with
gambling scandals nor get rumors of
his plotting around with sure-thing
artists.

Matty graduated with honor from
baseball's school of discipline. He
never broke a rule nor overstepped
any limit. He helped McGraw. He
taught the young pitchers. He never
quarried.

Baseball loses a genuine man now
that Mathewson has retired on ac-
count of bad health. Let's hope he
gets well and comes back to identify
himself with the Giants—the team he
battled for because he loved the
game.

Indians Go Down to Defeat in
Crucial Series; Mays
in Form

NEW YORK, July 22.—New York defeated Cleveland, 4 to 3, yesterday in the first game of a series upon which depends the leadership of the American league. Mays had the Indians shut out until the ninth, when he became unsteady after Speaker and Gardner hit dougies and Peckinpaugh made a wild throw. Johnston and O'Neill singled, the entire combination resulting in three runs. Collins succeeded Mays. Jamieson walked, filling the bases, but Collins struck out Chapman, ending the game.

Score—R. H. E.
New York 4 10 1
Cleveland 3 10 1
Mays, Collins and Ruff; Caldwell and O'Neill.

BOSTON, July 22.—Boston defeated Chicago, 2 to 1, yesterday, in the opening game of the series, Jones excelling Williams in a pitchers' battle. Chicago's only run was scored in the second inning, when Jackson drove the ball into the right field bleachers for a home run. Boston scored in the fifth on Walters' double. SPEED WONDER

LOS ANGELES.—Eastern critics have picked Charles Paddock to be the wonder sprinter of the times. He has equaled the world's record. Coaches believe he will beat it.

Geology teaches that the greatest climatic changes on the earth came in the glacial period.

By DEAN SNYDER.

Jack Dempsey is coming out of his corner again after a year's absence. And there isn't much in the field to put against him except the same gang of heavies who used to be picked for him before he took over the title.

For one solid year we listened to the battle of typewriters carried on between Dempsey and Carpenter. They scrapped both machines for junk when the Frenchman went back to Paris.

Dempsey, with his moving picture contract fulfilled and his battle of the courts disposed of favorably, wants to fight.

FIRST JOB.
His first job will be to polish off Bill Brennan—that is if some promoter can count out enough kale to suit all parties concerned.

The last time they met Dempsey hit Leo P. Flynn's boxer, no hard on the chin that his ankle souped.

Brennan recently said that he believed he could have taken Jack on that occasion if the accident hadn't happened. He denies that it was the effect of the concussion from Dempsey's glove that broke his leg. He says he tried to shift too quickly.

AN ARGUMENT.
However, the accident is sufficient argument for another trial and Jack Kearns just partial as to who meets Dempsey, so long as there is a bundle of silk flags attached to the proceedings.

Brennan established a name of being a K. O. Irish scrapper by piling up a total of 16 consecutive knockouts. He has another string of 16.

He is a hard hitter. Such young hopes as Bob Roper, Gene Tunney, Martin Burke and Bob Martin have wisely steered away from the Brennan fist.

SLIM FIELD.
The present field only holds a limited few who stand any chance to challenge the champion. Fred Fulton is one of them. Dempsey slammed him into dreamland two years ago at Harrison, N. J.

Then there's Joe Beckett's friends backing him for a match with our champion. His short stay in the ring with Carpenter makes his prospects appear ridiculous. Fulton may have improved since he fought Dempsey.

Likewise Beckett may have picked up something he didn't have when he fought the French ace.

Yet the best one can figure for Dempsey is that his title is as secure today as it was just after they cleared away the wreck on a certain Fourth of July that Jess Willard will never forget.

JACK
DEMPSEY

A year's absence from the boxing ring doesn't seem to have changed the appearance or the fighting desire of Jack Dempsey. As a rule long layoffs don't do a boxer any good, but the champion is back with the declaration that he is not afraid of any man living, and he seems to have intimidated the best Europe has produced.

SHAMROCK GOES INTO DRY DOCK

Sloop Is to Be Thoroughly
Cleaned for Important
Race Tomorrow

SANDY HOOK, N. J., July 22.—The cup challenger Shamrock IV, was towed to the Staten Island Shipbuilding Co. plant early today to be dry docked and have her underbody cleaned in preparation for the fourth race with the American defender Resolute tomorrow. The contest yesterday in which the two sloops went over the thirty-mile course in exactly the same elapsed time has added marked interest to the contests to come.

Captain Burton, Designer Nicholson and Navigator Claude Pickman, of the Shamrock, were especially pleased with what they agree was a wonderfully fine race yesterday, even if the challenger lost it on time allowance.

"Resolute is a fine boat," said Mr. Nicholson, "and Herreshoff has designed a craft that goes better to windward than Shamrock. On the run home before the wind yesterday the sloops raced along beam to beam as if they had been locked together. It was a fine race even if we did lose it."

The race tomorrow will be over a triangular course ten miles to a leg, and it is this contest that Shamrock is expected to force the Resolute to the limit as the leg of the race will be reached at which point of sailing the Lipton sloop has shown to her best advantage.

**THREE NATIONS WILL
ENTER EVERY EVENT**

ANTWERP, July 21.—The United States, Canada and Czechoslovakia are the only nations listed to compete in every event of the Olympic games at the stadium, though doubtless there are some omissions due to delayed mails.

Details of the lists of entries, which have just been made available, show the wide variety in the number of sports and the nations to compete, ranging from the larger countries down to Monaco, which is entered only in the dashes. Monaco's entry makes thirteen nations answering the invitation to participate.

Sweden is in for all the events except the walks and tug-of-war. Great Britain is entered for all except the pole vault and javelin throw, while Italy will take part in all but the hammer throw and shot-put.

The list for practically all events in the boxing contests includes the United States, South Africa, France, Holland, Norway, Italy and Great Britain, while Switzerland will send only welterweights.

**ANCIENT YANKEE TAR ON
SHAMROCK IS A HERO**

SEABRIGHT, N. J., July 21.—Captain Andrew Jackson Applegate, aboard Shamrock IV to direct Captain Burton in tide and wind, did not achieve fame for the first time when he stepped aboard the challenger.

Following the sea along the Atlantic coast from Maine to Florida for fifty years, he came into prominence in 1890 when he dared a surf from which coast guards turned, and rescued two men and a woman stranded in a launch in a gale three miles off Seabright. For this he received the Carnegie medal.

A heavy northeaster was blowing when the stranded launch was sighted, motor broken down and an anchor lost. None could be found who would brave the surf until Captain Applegate and his son Howard came along and effected the dangerous rescue with an open skiff.

NEW YORK, July 21.—Bodies of 381 American soldiers who died overseas arrived here today on the steamship Princess Matoika from Danzig and Antwerp.
